

Santa Clara Clinic Pharmacy Change

Beginning September 2, 2024, Santa Clara Pharmacy will no longer be dispensing medications. This is due to shortage in pharmacy staff.

- **Medication refills will need to be called in to the Santa Fe Indian Health Center and picked up there, as well.**
- **Or patients may have the option to get prescriptions transferred to pharmacies outside of IHS.**

Currently, there is no estimate on how long this change will be in effect.
